**Effectively relieves constipation**

- Strengthens intestinal muscles and improves GI motility
- Increases bulk of the faecal materials and stimulates motility

**Free from any drastic purgative effect**

- No water and electrolyte imbalance - No after weakness

**Improves associated symptoms**

- Relieves dyspepsia, flatulence, sour eructation and gripping

**Helps eliminating worm infestations from the intestine**

**Indicated in :**

- ✓ Habitual constipation
- ✓ Drug-Induced constipation
- ✓ Constipation due to sedentary life style
- ✓ Constipation in bed - Ridden patients
- ✓ Constipation due to medical conditions

**Dosage and administration :**

Adult: 1-2 teaspoonful (5-10 gm)

Children: 1/2-1 teaspoonful ( 2.5-5 gm) with plain or lukewarm water before retiring at night.

**Presentation :**

Available in lingering orange flavoured powder in 100 gm pack.
